Peak Construction Corporation Underway with Soligent Tenant Improvement

Rosemont, IL (July 2, 2024) —Peak Construction Corporation is underway with Soligent’s tenant improvement in Millstone, NJ. They will be occupying just under half of the 132,930 square foot building Peak previously constructed. The TI includes 32’ clear height, 4,000 square feet of office and battery charging station inside the warehouse for EV forklifts.

Soligent has been specializing in Clean Energy Distribution since 1979 and stand as a foremost U.S. wholesale distributor in the realms of solar PV, energy storage, EV charging, racking and additional sectors. With a national reach, they integrate cutting-edge technologies and unique partnerships, providing premium-quality products at competitive rates, thereby driving the renewable revolution forward.

Peak Construction Corporation’s service is providing more than a commodity. For 27 years, we’ve been answering the questions you didn’t know to ask, mitigating the risks you didn’t know were there and resolving issues before they become problems. As a full-service Design-Build General Contractor, we help our clients navigate the big and small decisions that turn their businesses’ needs and goals into solutions that provide immediate results with long-term value. Visit peakconstruction.com for more information. **Build Value. Design Build.**
